

AKSHAY RAVAT

Data Analyst

Ahmedabad, India | +91 9274024015 | ravatakshay099@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on internship experience analyzing real-world datasets using SQL, Python, and Power BI. Skilled in data cleaning, statistical analysis, dashboard development, and translating raw data into actionable business insights. Certified in Data Analytics, Data Visualization, and Machine Learning, with a strong foundation in reporting and data-driven decision-making.

CORE SKILLS

Programming & Query:	Python, MySQL
Data Analysis Libraries:	Pandas, NumPy, Matplotlib
Visualization & BI Tools:	Power BI, Advanced Excel
Core Competencies:	Data Cleaning & Transformation, Dashboard Design, Statistical Analysis, Machine Learning Fundamentals

EXPERIENCE

Data Analyst Intern — Codealph, Ahmedabad, India

Jul 2026 – Aug 2026 (1 Month)

- Analyzed real-world business datasets to identify trends, patterns, and actionable insights that supported data-driven decision-making.
- Performed end-to-end data cleaning, transformation, and analysis using Excel, Python, SQL, Pandas, and Matplotlib.
- Built and delivered accurate reports and interactive dashboards to communicate key findings to stakeholders.

PROJECTS

E-Commerce Sales Analysis

Built an end-to-end sales analytics project using MySQL, Python, and Power BI to uncover revenue and customer purchasing trends. Cleaned and transformed raw transactional sales data, handling missing values and inconsistent formats using Python and Excel. Designed an interactive Power BI dashboard to track KPIs such as revenue, order volume, and top-performing product categories for stakeholder reporting.

Retail Fashion Boutique Analysis

Developed an end-to-end retail analytics project using Excel, MySQL, Python, and Power BI to analyze boutique inventory and sales performance. Cleaned and prepared raw inventory data, handling missing values and correcting data types for accuracy. Built visual dashboards in Power BI to highlight stock trends and support inventory decision-making.

EDUCATION

Bachelor of Computer Applications (BCA) — SU, India
